

* VISTA GREEN
AVAILABLE HOMES

VISTA GREEN

Jubilee Ministries creates pathways to first-time homeownership through the development of attainable housing. The majority of available housing in our community is priced above what a family making the area median income can afford, which inhibits their economic mobility and precludes them from participating in one of the best ways to build wealth: homeownership. Jubilee builds the missing middle housing that empowers our neighbors to grow their wealth. **Inquire today to reserve your new home while availability remains.**

As a nonprofit seller, there are qualifying restrictions attached to this property. Please visit jubileeholland.org or email madison@jubileeministriesinc.com for more information.
